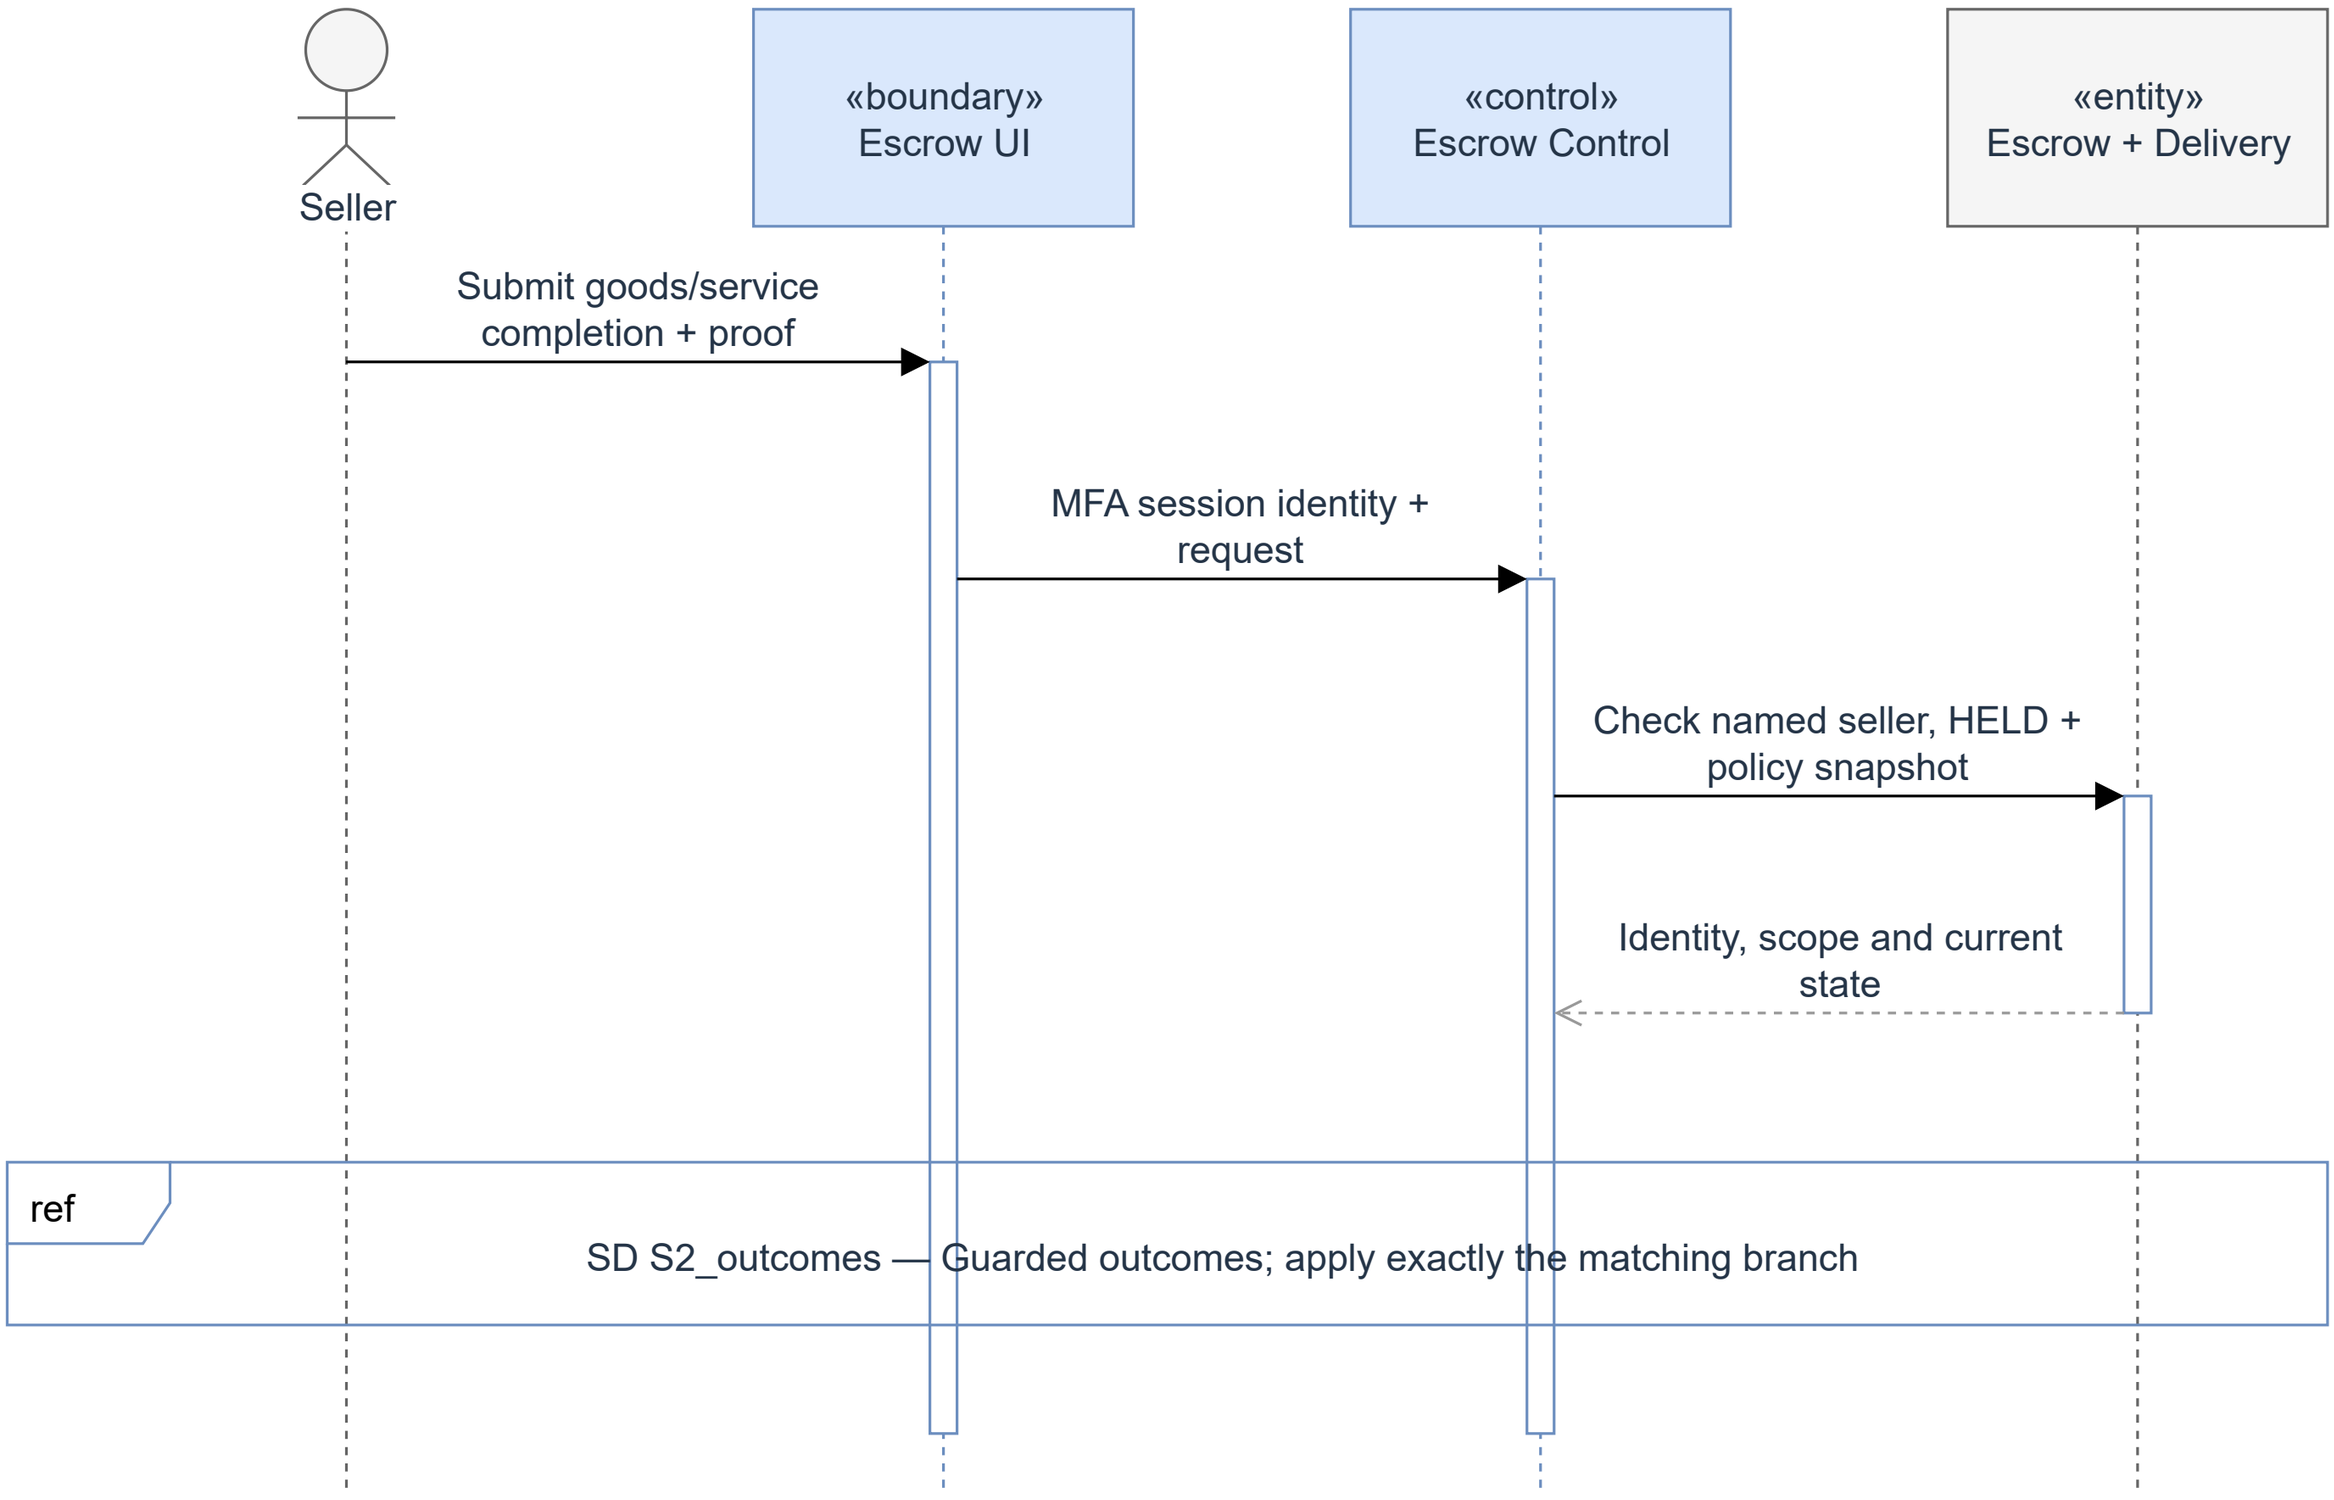
SD S2 — Record Delivery/Service Completion

EPS academic MVP | simulated VND | analysis-level interactions | time flows downward



Use the evidence policy saved at creation, never today's policy. Defaults: Goods optional; Services required. Completion never auto-releases.

Blue: EPS boundary/control. Gray: actor/entity/external mock. Yellow: business constraint.

Solid filled arrow = request; dashed open arrow = async event or gray return. Frames show guarded alternatives/options.
